Frank Lupton	12	12	13	5	3	12	13	7	77	Nice color. I like her tail. She seems pretty horizontal. Legs seem short. She seems pretty horizontal. Legs seem short.
Donnie Gallagher	11	11	12	7	2	12	12	8	75	Nice short back length; Is not displaying desired vertical pose in video; Needs more leg to support vertical wing carriage. Needs more leg to support vertical wing carriage.
Josiah Woodfield	12	12	13	8	3	12	10	5	75	Excellent female structure wise that just couldn't put it together on the table. Very well formed tail structure, could fan open a bit more. Her lack of confidence might have made it appear squirrel to the casual observer but a closer look shows correct structure just poor posture and pose. Good length of back and nice wings. I think she has the leg and ability to carry them well but again, underperformed.
Kristy Scott	12	11	13	7	2	14	14	8	81	Her chest could be fuller, and is carried low, and she wanted to lean forward most of the time which didn't show her off to best advantage. Her legs seem too short for the wings. Relatively short back and nice tail spread. Nicely calm and talkative on the table, with lots of good walking around comfortably. Beautiful face, com, wattle shape, and color. Her feathering and condition is good.
Angela Panacci	11	11	12	7	2	13	11	8	75	Seemed nervous and lacks confidence. If she were to stand upright, most of her scores could improve. Several areas in scoring talk about carriage which she carries more horizontally. Legs seemed quite short.
